User's Group Meeting

November 18th-19th, 2009

Kalahari Resort, Wisconsin Dells

Immunizations

Immunization Reporting Application

The screenshot shows the web interface for the Marcia Brenner Associates Student Immunization Reports application. At the top, the logo for Marcia Brenner Associates is displayed. Below the logo, the title "Student Immunization Reports" is centered in a large, bold, red font. Underneath the title, there is a horizontal menu of navigation links: "View Compliance Timeline", "Configure Application Settings", "Set Database Variables", "Set Calendar", and "Set Custom Field Names". Below the navigation links, the heading "Select a Report to View" is followed by a table with two columns: "List" and "Report". Each row in the table contains a report name and two radio buttons, one under each column. To the right of the table is a "Select a School" dropdown menu. At the bottom of the table area is a "Generate Report" button. A footnote at the bottom left states: "* - When printing this report, choose landscape layout."

	List	Report
Legal Notice	<input type="radio"/>	<input type="radio"/>
Report to Health Department (Part A)	<input type="radio"/>	<input type="radio"/>
Report to Health Department (Part B) *	<input type="radio"/>	<input type="radio"/>
Report to District Attorney *	<input type="radio"/>	<input type="radio"/>
Exclusion Letter	<input type="radio"/>	<input type="radio"/>
Export File	<input type="radio"/>	<input type="radio"/>
Mailing Labels	<input type="radio"/>	<input type="radio"/>

* - When printing this report, choose landscape layout.

Generate Report

Marcia Brenner Associates has developed an Immunization Reporting Application to aid districts in the generation of all required immunization related letters and reports. These communications include legal notices to parents as well as reports to the local health department and district attorney. This application allows users to accomplish with the click of a button, what may have once taken days or even weeks to complete.

Any district that hosts its own PowerSchool application and maintains student immunization data in PowerSchool can use this application. An easy-to-use web interface allows users to quickly generate all necessary reports as well as mailing labels and lists detailing students' current immunization status and needed doses.

For information on obtaining the Immunization Reporting Application, please contact Peter Brenner by phone at 1-800-258-0190 xt. 802 or by email at pbrenner@mba-link.com.

Sample Student List

The following students are candidates to receive legal notice for needed immunizations. Compliance is determined based on each student's immunization status on Oct 29, 2009.

<u>Grade</u>	<u>Student</u>	<u>Birthdate</u>	<u>Parents</u>	<u>Telephone</u>	<u>Compliance</u>	<u>Needed Immunizations</u>
-2	Danielle Amery-Christianson	May 18, 1989	Father: Amery, Daniel Mother: Christianson, Rhonda	(555)555-8246	behind schedule	dtp4 dtp3 dtp2 polio3 polio2 polio1 hepatitis b3 hepatitis b2 hepatitis b1 mmr1 varicella1
-1	Paul Grey	Apr 17, 2005	Father: Grey, James Mother: Grey, Janice	(555)461-7821	behind schedule	dtp4 polio3 hepatitis b3 varicella1
0	Gloria Shafer	Oct 15, 2001			behind schedule	dtp5 mmr2 varicella2 varicella1
7	Johnathon Anderson	May 19, 2003	Father: Anderson, Rick Mother: Anderson, Jessica	(555)555-8765	no record	

Sample Report (Report to Local Health Department Part B)

F-44002 (REV. 07/08)		PART B										Page 2						
Instructions: List all students from Part A, rows 2 through 7 in ascending grade order, include date of birth, grade level, and vaccine(s) received to date. Enter "0" if no vaccine was received. Use extra sheets if necessary.																		
For student(s) BEHIND SCHEDULE or NO RECORD (Part A, rows 3 & 4) enter date student(s) will be reported to the District Attorney.																		
For student(s) IN PROCESS or WAIVERS (Part A, rows 2,5,6 & 7) check appropriate box, 'In Process', H=Health Reasons, R=Religious Reasons, and PC=Personal Conviction. Under Varicella indicate total doses received or "D" for disease. Note: If a separate list is maintained of students who are IN PROCESS of receiving only Varicella vaccine and/or BEHIND SCHEDULE in receiving only Tdap vaccine, it is not necessary to list these students on Part B.																		
For MMR, if first dose was received before the student's first birthday, do not count the dose. Do not include a history of disease, only the vaccine.
